Individualized Keyboarding Program

- Current academic and social culture now makes keyboarding a life skill
- Being taught individually addresses varying learning styles
- No watching fingers, creates movements that flow with the speed of active minds

Pricing

- 5 weeks = 10 classes
- \$140 per week or \$700 total

Skills Gained from the Program

- Typed standard font eliminates handwriting illegibility
- Improved spelling skills
- Less time for homework completion
- Ability to store, easily edit, share and send documents/assignments
- Develops pride in written idea production
- Greater thought fluidity
